Things You Need to Know Before Purchasing a Headstone

1. CEMETERY RULES & REGULATIONS

Cemeteries have regulations in place for what type and size of headstones they allow and this can differ by location. Some cemeteries may want a uniform look with flat markers or only one type of material, such as granite. Lot size is important to know when shopping for a monument also understanding the way the writing will face. Some cemeteries will allow you to install the monument by yourself to save the money. The first step before buying a monument is to check what all the rules and regulations are in a cemetery. Most monument companies have rules and regulations that will guide you.

2. THINK ABOUT COST

A memorial/monument/headstone is an expensive purchase and it's a good idea to think about what you want to spend or set a budget before you start shopping.

3. TYPES OF MONUMENTS

When it comes to choosing a type of headstone there are several common types.

Flat Markers: A square or rectangular marker laid flat on the ground, normally 4" thick.

Bevel Markers: Known as a pillow marker, this is flat but slanted so the back edge is taller than the front.

Slant Markers: Have a sloped face and stand upright, often installed on a base.

Upright Monument: A traditional design with a tablet supported by a base.

Elite Monuments: Special shapes and design carvings on monumens.

Ledger Marker: A slab of stone that lies flat over the entire grave and can also be used together with an upright stone at the head of the grave. It can even cover more than one grave.

Double Monument: This covers two plots. Any monument, even if it's a single can have more than one name. Sometimes it can be more cost effective to take a single monument and make it a double.

4. SELECT THE MONUMENT MATERIAL

When it comes to selecting monument material, it is highly recommended to only buy materials made out of granite. Granite weathers the best. Remember when purchasing you want your granite to be atleast 4" thick, this will minimize breakage.

5. MONUMENT DESIGN & INSCRIPTION

Some of the most common design shapes have been included in our catalog such as tear, heart, or cross. Our catalog also includes the types of finish that can be done which are polished, sides & tops are polished or the sides & top are rock pitched. Carefully choose what to have inscribed on the headstone, including the deceased's name and date of birth and death. You can also add other items such as religious symbols, flowers, images, animals, and poetry.

7. SELECT MONUMENT SUPPLIER AND ASK FOR WARRANTY CERTIFICATE

In order to get the most affordable and quality deal, look to referrals from trusted people, ask for warranty information, check on company quality and reliability, and read customer reviews. Also important to ask for warranty for installation. Be aware if purchasing monuments on the internet they will need to be installed. It's best if you are going to need a monument installed best to buy it from local company.

8. ALWAYS REVIEW WITH A FAMILY MEMBER & GET A SIGNED PROOF

Always sign & date the proof with the monument company and keep a copy for yourself in case of any discrepancies.

Instructions for Designing Online

1. Open the website

2. Place mouse on desired type you want to buy and you will see the dropdown. Select desired option

3. Choose your monument

4. Select 1-Color 2-Template 3-Text from dropdown

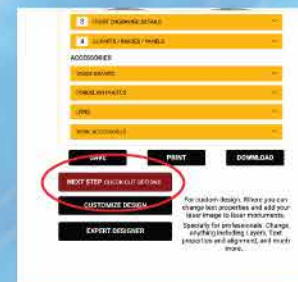

5. Click on a new template & click proceed

6. Choose some accessories you like

7. After you have finalized the design, Click on "Next Step"

8. Select and fill information according to your purchase. Click "Add to cart" at the bottom for completion

Note: If you want quick completion of the order, then you can choose Quick Edit, or if you want some flexibility in terms of placement of text and add cliparts or raster images and placement of vases & porcelains, then kindly reach out for Customzie design from Quick Edit screen
